

Tino and Stephanie Frausto

Walking a journey of faith and hope with one another, has become our way of life. A kinda of venturing into the deep!

We are the Frausto's, Tino & Stephanie we have been married for 16 years, but have been together for over 22 years and parents of 4 unique and unrepeatable blessings, ranging from ages 13-21.

We tried really hard in the beginning to do this love thing "our way" individually & together. Doesn't make sense, right?

We tried and failed, tried and failed, tried again and only by God's grace and a good hard look at His plan for marriage, Here we are!!

We don't know all the answers but we do know a few of them, only through lots of trial and error, so if we can spare others the heartache, then we're all in!!

"We think of it as "our way of loving our neighbor."

We desire to celebrate marriage to rejoice in all the good He has done with us His lowly two, our only hope is to journey with many more couples who have a heart, a yearning, a desire, for MORE.

Our call to this LoveFullyAlive is real; it's taking that good hard look at ourselves and loving us as we are, where we are, and accepting one another here.

Its knowing as St. Pope John Paul II puts it, "We are not the sum of our weaknesses and failures, we are the sum of the Father's love for us and our real capacity to become the image of His Son Jesus."

You and I, We are meant for so much more, to know this makes our lives a little easier to take in, and the reality of "the MORE" enables us to grow into this Love More Fully Alive!
